Question: 15

In Huawei Cloud El Enterprise Intelligence, which basic platform services are included? (Multiple Choice)

A. Machine learning
B. Deep learning
C. Graph engine
D. Batch processing

Answer: A,B,C,D

Question: 16

The activation function plays an important role in the neural network model learning and understanding of very complex problems. The following statement about the activation function is correct.

A. Activation functions are linear functions
B. Activation functions are non-linear functions
C. The activation function is partly a nonlinear function, partly a linear function
D. Most of the activation functions are nonlinear functions, and a few are linear functions

Answer: B

Question: 17

PyTorch Which of the following functions does not have?

A. Inline keras
B. Support dynamic graph
C. Automatic derivative
D. GPU accelerate

Answer: A

Question: 18

What is wrong description of the Python module?

A. The Python module is a Python file that ends with .py and contains Python object definitions and Python statements.
B. The Python module allows you to logically organize your Python code snippets.
C. Python modules can define functions classes and variables but the module does not contain executable code
D. Assigning relevant code to a module can make your code better and easier to understand.

Answer: C

Question: 19

What are the commonly used activation functions? (Multiple Choice)

A. sigmoid
B. tanh
C. relu
D. danish

Answer: A,B,C

Question: 20

What are the Python language data types? (Multiple Choice)

A. numbers
B. string
C. list
D. tuple
E. dictionary

Answer: A,B,C,D,E

Question: 21

When the voice recognition service is successfully called, which field is the recognition result stored in?

A. result
B. content
C. data
D. text

Answer: A

Question: 22

What does factors that promote the development of artificial intelligence not include?

A. Big data
B. Computing ability
C. Algorithm theory
D. Block chain

Answer: D

Question: 23

The image data of the passport recognition service is not needed base64 Coded.

A. TRUE
B. FALSE

Answer: B

Question: 24

The loss function of logistic regression is the cross-entropy loss function.

A. TRUE
B. FALSE

Answer: A

Question: 25

Pytorch Which company launched it first?

A. Baidu
B. Google
C. Facebook
D. Huawei

Answer: C

Question: 26

It is fine to pass in only one image when calling the face comparison service.

A. TRUE
B. FALSE

Answer: B

Question: 27

Which of the following options is not the- session mode used by Tensorflow?

A. Explicitly call the session to generate function
B. Explicitly call the session to close function
C. Through the Python context manager
D. Multiple POST queries

Answer: D

Question: 28

twenty two.Among machine learning algorithms, which of the following is not unsupervised learning?

A. GMM
B. Xgboost
C. Clustering
D. Association rules

Answer: B

Question: 29

Which of the following is not included in the recurrent neural network usage scenario?

A. Machine translation
B. Speech recognition
C. Image style migration
D. Text generation

Answer: C

Question: 30

What are the characteristics of Python code? (Multiple Choice)

A. leg1bil1ty
B. Simpl1c1ty
C. Rapidity
D. Scalab1hty

Answer: A,B,D

SAMPLE QUESTIONS

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

ORDER FULL VERSION
Special Discount Coupon

__Actual Exam Questions__: Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.

__Exam Dumps__: Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.

__Practice Tests__: Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

__Guaranteed Success__: Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.

__Updated Content:__ Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.

__Technical Support__: Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.
